CAREER OBJECTIVE

Web developer and Accountant with a proven ability to adapt self and code in collaborative environments while keeping focus on achieving high-standard results even under strict deadlines. Having this quality drives me to deliver web sites fully functional and responsive, on a timely basis. Which ever company I may join I wish to expand my skills even more while producing quality work. As a web developer I am always learning new things and building on what I have learned.

WORK EXPERIENCE

Inventory Management

NAPA Auto Parts

📅 August 2021 - current   📍 Durham, NC

- Updated the current inventory management system to a new more efficient system.
- Daily ensure the proper stocks are maintain and updated. While maximizing the use of limited storage space.

Web Designer

ASL Real Estate Agency

📅 December 2020 - August 2021   📍 Fayetteville, NC

- Redesign the entire website from the old website and incorporated the Logo into the overall design look.
- Created a social present of the company. Initiated a Blog and facebook post of listing that became new and available.
- Created the user experience, to the website finding listings faster and quicker load time of website.
- Ensured that all images were of high quality and showed clearly of what was intended to be displayed.

Web Developer

ABC Real Estate Services

📅 July 2012 - November 2020   📍 Cary, NC

- Designed the Logo and image for the company.
- Designed the Web Site linking the company image to it's logo.
- Created accessible, responsive, and functional user interfaces to allow visitors on any device to have the same perfect user experience. This increase the amount of visitors to the website.
- Incorporated posting to the website to be linked directly to the facebook account of the company. When a new listing was posted on the site, it would be automated post on the social site also.
- Prepared all images and content for posting on the web site.
- Maintenance of website, hosting analytics, emails and messages.
